District Shaheed Benazir Abad

Dear Mr. Soomro:

The ROW Foundation is a United States registered charity working to improve the quality of training, diagnosis and treatment available to persons living with epilepsy in under-resourced areas of the world. Our Federal ID Number is 47-1520191.

In fulfilling our charitable purpose, we would like to make a humanitarian aid donation of anti-seizure medications to Epilepsy Medicare Foundation to help treat patients with epilepsy in Pakistan. Today we are preparing a donation of 48 bottles of Roweepra® (levetiracetam USP) 500mg (120 tablets per bottle).

These donated medications must only be used for the ill, needy, or infants (minors) for their care, or be retained for their care and may not be sold, bartered, or traded for services. Please find attached a humanitarian aid invoice and a laboratory check certificate from the drug manufacturer.

Thank you for helping us fulfill our charitable purpose.

Sincerely,

A handwritten signature in blue ink that reads 'Ken Koskela'.
